

Coleman-Mach

RVComfort.HC™

H/VAC WALL THERMOSTAT

Complete climate control from one convenient location.

The new RVComfort.HC™ is simplicity at its best, providing complete control of your vehicle heating and cooling products from one user-friendly wall thermostat. Simply set the temperature using the easy-to-use slide selection switch, and the RVComfort.HC's thermistor air temperature sensor will activate heating or cooling as needed to maintain your ideal environment. Switches also let you set cooling, heating and fan speed settings individually, if you desire.

The RVComfort.HC™'s thin, stylish appearance is designed to compliment any interior, making it the ideal choice for today's contemporary RVer. Plus, you'll love the reliability and quality that can only come from RV Products, the quality name in RV comfort.
